DAY TO DAY ITINERARY

Sunday 18 October

Home – Dubai

We commence the tour with an overnight flight to Dubai.

Monday 19 October

Dubai (D)

We arrive in Dubai early this morning and after clearing Customs and Immigration formalities, we are met and transferred to our hotel for a two-night stay. There is time to rest up after the flight until mid-afternoon where we meet up to enjoy a visit to Dubai Miracle Garden. Each season, as the weather begins to cool at the onset of winter, the gates reopen. With more than 150 million flowers in full bloom, this 72,000-sq-m paradise has flowered into one of the region's most picturesque, sweet-scented destinations for more than a decade now. There is time for exploration at the garden, before we return to the hotel for dinner this evening.

Tuesday 20 October

Dubai – Cairo (B,D)

We start our day with a visit to the Museum of the Future. One of Dubai's most famous landmarks, the museum takes pride of place along the city's superhighway, Sheikh Zayed Road. Founded by the Dubai Future Foundation and launched on 22 February 2022, the museum explores how society could evolve in the coming decades using science and technology. Termed a 'living museum', it incorporates elements of traditional exhibitions, immersive theatre and themed attractions, so visitors can look beyond the present and towards the future's limitless possibilities. Visitors have the chance to engage with this game-changing technology. Each floor of the museum is designed like an expansive, interactive movie set, brought to life by

expert storytellers, technologists and visionary artists. Early afternoon, we return to the airport for our mid-afternoon flight to Cairo. We arrive early evening, and check into our hotel, the Marriott Mena House Hotel, set in palm-fringed gardens with spectacular views of the pyramids. After settling in we enjoy a welcome drink and dinner.

Wednesday 21 October

Cairo (B,L,D)

We visit the most iconic of Egyptian sites this morning - the Pyramids and Sphinx at Giza. Here we will see the great pyramid built by Cheops, containing more than 2.3 million cubic metres of stone. Our guide will help navigate the Giza Plateau complex and enrich your discovery. After our visit, we enjoy lunch before returning to our hotel for time at leisure.

Thursday 22 October

Cairo (B,L,D)

This morning, we visit the New Grand Egyptian Museum. Constructed to be the world's largest museum exhibiting only one civilization, the Grand Egyptian Museum will display incredible artefacts of "the ancient Egyptian civilisation" from prehistoric times through until the Greco-Roman period. After our visit, we enjoy lunch before returning to our hotel for time at leisure.

This evening, we enjoy a walking tour of the famous Mamluk Ottoman street of Moez - a 1 km long pedestrian street, and to quote the UN, it has "the greatest concentration of medieval architectural treasures in the Islamic world". We explore the Khan El Khalili Bazaar, followed by dinner in an authentic local restaurant.

Friday 23 October

Cairo (B,D)

This morning, we visit Sakkara, one of the

most exciting historical and archaeological areas in all of Egypt. Dominated by the famous Step Pyramid of Djoser, this was the first pyramid to be built in ancient Egypt - preceding those at Giza by many centuries. We will also have the opportunity to visit the Tombs of the Nobles, Imhotep Museum, and the tomb of Mastaba of Ti. This grand and detailed private tomb is not only Old Kingdom art at its best but also one of our main sources of knowledge about life in Old Kingdom Egypt. Its owner, Ti, was overseer of the Abu Sir pyramids and sun temples (among other things) during the 5th dynasty. In fact, the superb quality of his tomb is in keeping with his nickname, Ti the Rich. Remainder of the day is at leisure, and dinner is at the hotel this evening.

Saturday 24 October

Cairo - Luxor (B,L,D)

After checking out of our hotel this morning, we visit the Egyptian Museum, which houses the treasures of Tutankhamun, often referred to as the "Boy King". The museum is comprised of more than 250,000 pieces and artifacts from King Tutankhamun's tomb, and treasures hidden for thousands of years. After a light lunch, we head to the airport to join our early afternoon flight to Luxor. On arrival, we are transferred to our hotel - The Sonesta St George, overlooking the Nile, offering wonderful views from the hotel swimming pool and bar. This evening, we visit the Luxor Temple. The Luxor and Karnak temples are two incredible "open air museums" linked by the 2.7km long Avenue of Sphinxes, originally lined with over 1,000 sphinx statues.

Sunday 25 October

Luxor (B,L,D)

This morning, we visit the Museum of Luxor, a museum featuring items found beneath the Luxor Temple, and from the tomb of King Tut. Also on exhibit is a re-assembled wall

from the Temple of Aten. After enjoying lunch at a local restaurant, the afternoon is free to explore the city at leisure.

Monday 26 October

Luxor - Join Nile River Cruise (B,L,D)

This morning, having previously visited the Luxor Temple, we now explore the Karnak temple. It is believed to be the second-most-visited historical site in Egypt; only the Giza pyramid complex receives more visits. Later this morning board we board our cruise ship to begin our 4-night cruise on the life-giving waters of the Nile. Each cabin has a Nile view. Cabins include TV, Telephone, Satellite channels, Safety deposit box, and hairdryer. The upper deck includes a swimming pool, spa and deck chairs to relax and watch the life along the Nile slip by.

Tuesday 27 October

Later, continue to the Mortuary Temple of Hatshepsut and haunting Colossi of Memnon, which is known to make an eerie wailing sound. Today your tour will also include entrance into the Boy King Tutankhamun Tomb. (no photos permitted). Later, visit the fascinating Howard Carter's house. Neglected for a long time, the house has now been restored to its former state by the famous Egyptologist and Archaeologist Dr Zahi Hawass and now offers a fascinating insight into the life of Howard Carter against an amazing 1920 backdrop.

Wednesday 28 October

Also known as Nubia or Botanical Island, this charming island paradise was irrigated and planted with a vast collection of tropical trees, many from as far away as India.

Friday 30 October

Aswan – Abu Simbel – Aswan (B,L,D)

Sadly, we disembark this morning after breakfast, however we join a tour to Abu Simbel. Abu Simbel is the site of one of the greatest engineering feats by UNESCO. It was built to save Egyptian monuments from the waters of Lake Nasser, the artificial lake created behind the Aswan High Dam that wiped out the Kingdom of Nubia. On this tour which includes return flights, we will see the great temple of Ramses II, with its four massive seated figures of the youthful Ramses, carved into the side of the cliff, to resemble a temple pylon and rising to 32m.
