DAY TO DAY ITINERARY

Sunday 13 September

Annecy – Lyon – Join Viking Cruise (B,D)

After breakfast, we proceed to Lyon where we embark our river ship, which will be our home for the next 7 nights. Embark your ship and settle into your stateroom. Lyon straddles the Rhône and Saône Rivers. After Paris, it is considered the country's most significant cultural. Amid a cityscape of red-roofed buildings, tree-lined boulevards and riverside promenades, the cobblestone streets of Old Lyon host a rich collection of Renaissance architecture and intimate traboules, unique passageways through buildings that connect adjacent streets, all of it overlooked by the grand basilica atop Fourvière Hill. The city also boasts a wealth of outstanding museums, cultural treasures and excellent Lyonnaise eateries.

Monday 14 September

Lyon (B,L,D)

Lyon is known as the food capital of France. It is not uncommon for well-heeled Parisians to travel to Lyon for dinner. The city is surrounded by towns and villages that produce excellent fresh produce, and gastronomic outlets are plentiful here. The great chefs of Lyon enjoy celebrity status, whether they prepare classic recipes the traditional way or elevate them with their own signature touches. Their delicious meals may be paired with a glass of light, fruity Beaujolais from the north or a bold Rhône red from the south. During our included excursion, we see the magnificent highlights - beginning with a drive to the Basilica of Notre Dame, at the top of Fourvière Hill. After exploring the interior of

this spectacular church, enjoy sweeping views of the red roofs of Vieux Lyon (Old Lyon) and the narrow peninsula of land between the rivers comprising the atmospheric Presqu'île shopping district. Next, drive through town past the flamboyant Gothic St. Jean Cathedral and the Palace of Justice, stopping at the city's famed Painted Houses, a breathtaking collection of outdoor murals depicting some 30 of the city's famous figures. Then, continue with a walking tour along the cobblestone streets of Vieux Lyon, where the city's famous traboules, unique hidden passageways made for busy merchants in medieval days, wind through buildings and courtyards. Later, you can shop for souvenirs, perhaps purchasing some of the fine silk for which Lyon is world famous.

Tuesday 15 September

Lyon (B,L,D)

One of Europe's densest concentrations of urban Renaissance buildings, Old Lyon is pure pleasure to explore. The dwellings of this UNESCO site date back to the city's silk weaving success during the 15th century, when Italian merchants and bankers put their profits into building town houses; today some of their elegant residences house museums. St. Jean Cathedral lies in the heart of Old Lyon and is a stunning example of Romanesque and Gothic architecture. It has weathered periods of political turmoil and religious wars and is now one of the city's most prominent symbols. On our included excursion today, we discover why Beaujolais is one of France's most beloved wine regions. It is larger than any single district of its neighbour, Burgundy. Vineyards stretch for four miles along the Saône, and the granite

soils and warmer climate make it ideal for growing grapes that produce a light flavour. We join a local guide for a scenic drive through the rolling hills of Beaujolais, where viticultural tradition runs deep. Then, stop at a local village and enjoy a stroll as we learn about the art of winemaking. We also stop at one of Beaujolais's famous cellars to enjoy a tasting with a wine expert.

Wednesday 16 September

Vienne (B,L,D)

Situated in France's Côtes du Rhône region, Vienne is the gateway to Lyon's countryside. It is one of the oldest towns in France, with a history that can be traced through its architecture. Among its Roman remains and artifacts, the Roman Temple of Augustus & Livia dates back to the 1st century AD. Its Roman amphitheater, nestled in the hills of Mont Pipet, is one of the best preserved in the nation. Vienne also boasts remarkably preserved medieval buildings and market ruins. Other landmarks include the Abbey of Saint Pierre and the Church of Saint-André-le-Bas. Get to know Vienne and its rich Roman past during a leisurely included walking tour. The lure of fine cuisine, charming villages and breathtaking vistas is never-ending along the Rhône River. Journey along this graceful waterway, meandering past vine-clad banks, and incredibly preserved echoes of medieval times and the days of the Roman Empire. The several locks through which the ship passes have helped to tame its waters, once unnavigable because of rapids, shallows and whirlpools. Today, a voyage along this stretch is a pleasant, gentle experience, surrounded by the hills and

soaring mountains of the Rhône Valley.

Thursday 17 September

Tournon & Viviers (B,L,D)

Tournon lies secluded between the river and the vineyard-blanketed granite slopes that nurture fine vintages. An ancient castle, built snugly into a rock, overlooks the riverside setting. A settlement has perched on this hill since Celtic times, but the stunning views from its overlook have never changed. The name of its neighboring wine-producing region, Tain-l'Hermitage, comes from the hermit who planted vines here after returning from the Crusades. Today, his vines are awash in sunshine and produce a port-like wine and some stellar whites. On our included excursion, we reverse one of France's most picturesque corners during a train excursion into the wilds of the Doux Valley. After lunch, we arrive in the sleepy town of Viviers, founded during the 5th century. This former Roman settlement became a bishop's seat, and conflicts during ensuing centuries required the town to be fortified. With the Renaissance came a more stable period of wealth that allowed many new houses to be built, including a fine example of the era that still stands, the Maison des Chevaliers. Some buildings date back to the Middle Ages, and time seems to stand still along the cobblestone streets of its Old Town, dominated by the 12th-century St. Vincent Cathedral with its beautiful windows. On our included excursion, we join a local guide who knows the town intimately for a delightful stroll that brings out its peaceful ambience. Amble along its picturesque sycamore-lined avenue, linger

DAY TO DAY ITINERARY

for a spell in the Place de la Roubine and see the Maison des Chevaliers, or Knights' House, a Renaissance treasure that stands as the oldest house in town. Along the way, you will also see the smallest cathedral in France, the 11th-century St. Vincent Cathedral, standing meditatively in the town square.

Friday 18 September

Arles (B,L,D)

Experience the celebrated city of Arles, where Roman ruins and vibrant colours have inspired artists. On our included excursion, we will explore by foot, allowing you to immerse yourself in this energetic city of diverse architecture at the edge of Provence. Begin with a stroll to the massive Les Arènes, an ancient amphitheatre able to seat 20,000. Continue to the Antique Theatre, peering inside as you pass. This 1st-century wonder stood three stories tall and seated 10,000. Follow the Rue du Cloître to the Place de la République, a bustling square that once hosted the ancient Roman Circus. Here, you will see the 15th-century Church of St. Trophime, a Romanesque triumph named for a 3rd-century bishop. A walk down the Rue de la République delivers you to the Espace Van Gogh, the local hospital that treated the artist and today serves as a cultural centre.

Saturday 19 September

Avignon (B,L,D)

When the Catholic Church acquired Avignon during the 1300s, it quickly transformed the quiet riverside village into a major religious and cultural centre. Evidence of the makeover is everywhere. In addition to the enormous palace, the church constructed a

wall around Avignon and provided mansion-like residences to its cardinals. Avignon Cathedral was dwarfed by its neighbour, the Palace of the Popes. Centuries after the papacy returned to Rome, the Vatican called for a gilded statue of Mary to be placed atop the cathedral; her golden gaze still welcomes visitors today. We'll join a local guide on our complimentary excursion and follow the historic centre of narrow streets to the Place de l'Horloge, the city's central square, a scene of balconies, elegant facades and shading trees. Continue to the renowned Palace of the Popes for a guided tour, before we return to our ship in the afternoon.
