# ALASKA WITH SEABOURN

Tour Length: 18 Days

Tour Departs: 10 August 2022

Tour Ends: 28 August 2022

## OVERVIEW:

Join us for what will truly be an amazing adventure. Alaska will make you feel alive, as we see, hear, touch and smell one of the last frontiers. Here, the wilderness seems to stretch out forever. The majesty of the snow-covered peaks and glaciers combined with the history of the towns and the wildlife will leave you in awe.

If Alaska has been calling for some time, then this is the way to truly experience it. All done with the focus on service, style and comfort.

## HIGHLIGHTS

- Vancouver & Whistler Mountain
- Cruise Queen Charlotte Sound
- Ketchikan & Sitka, Alaska
- Cruising Yakutat Bay & Hubbard Glacier
- Inian Islands & Icy Strait Point, Alaska
- Haines & Juneau, Alaska
- Scenic Cruising - Tracy Arm or Endicott Arm
- Wrangell & Cruising Sikine Strait
- Cruising Misty Fjords
- Prince Rupert, British Colombia
- Scenic Cruising – Grenville, Whale & Princess Royal Channel
- Alert Bay, British Colombia

## SEABOURN ODYSSEY – 14 NIGHT ALASKA GLACIERS, FJORDS & INSIDE PASSAGE

After our arrangements in Vancouver, we join our superb cruise ship for the 14-night cruise from Vancouver. This 450-guest ship is fully inclusive onboard, and with their unmatched sense of style, elegance and grace, Seabourn Odyssey beckons you to travel on what is an ultraluxury resort at sea. Let's not forget of course the magnificent passing scenery and interesting and exciting ports of call.

## TOUR COSTS PER PERSON

Share Twin or Double Room

V1 Cabin NZD \$18,950

V2 Cabin NZD \$19,950

V3 Cabin NZD \$20,700

Supplement for Single Room

V1 Cabin NZD \$12,000

V2 Cabin NZD \$12,500

V3 Cabin NZD \$13,500

**BOOKING CONDITIONS:** Deposit of NZD\$1,000.00 per person is due upon confirmation of the booking.

Final payment date: 4 May 2022.

To register for this tour please contact us on 0800 500 518 or [tours@mahertours.co.nz](mailto:tours@mahertours.co.nz)

## TOUR COSTS INCLUDE:

- Economy Class air travel ex Auckland (additional cost to upgrade to Premium Economy or Business Class available on request)
- First Class hotel accommodation
- A choice of staterooms available on cruise

- First Class air-conditioned coach transportation for all touring
- Sightseeing and entrance fees as indicated in the itinerary
- Services of driver guides, and local guides for touring and sightseeing
- All port taxes and tips
- Airport and government security taxes
- Baggage handling of one suitcase per person
- Fully Escorted by a Maher Tours Leader

## TOUR COSTS EXCLUDE:

- Any meals and sightseeing tours not specifically mentioned in the itinerary
- Travel insurance – advice and assistance supplied
- Items of a personal nature such as room service, laundry, drinks, telephone charges etc
- Ship excursions

## DAY TO DAY ITINERARY

### Wednesday 10 August

Auckland – Vancouver (D)

We assemble at Auckland International Airport early this evening and join the direct flight to Vancouver. Cross the International Dateline en route arriving into Vancouver early afternoon of the same day. On arrival, we are met and transferred to our hotel for a 2-night stay. The remainder of the day is free to rest up and relax after the flight before we meet up for dinner this evening.

### Thursday 11 August

Vancouver - Whistler Mountain (B,D)

Travel the sea-to-sky highway through some of Canada's most rugged coastal mountain scenery. Stop to see Shannon Falls, third highest waterfall in Canada and then enjoy free time to explore the charming European style Whistler Village before returning to Vancouver for dinner.

### Friday 12 August

Vancouver (Join Seabourn Cruise) (B,D)

Vancouver is one of the most captivating cities within Canada, with its multicultural fusion and spectacular mountain and ocean setting. A city tour includes Stanley Bay and Park, Chinatown, Gastown, Queen Elizabeth Park, English Bay as well as some prestigious residential areas of Vancouver. Cross the Lion Gate Bridge and visit Capilano Park. Experience the suspension

bridge, the tree top adventure and the cliff walk, plus Salish Nations culture. Later this afternoon we join our cruise ship, Seabourn Odyssey for our relaxing 14-night Alaska Fjord cruise with various ports of call in Alaska. Our ship departs at 5.00pm.

### Saturday 13 August

Cruising Queen Charlotte Sound (B,L,D)

A chance to acquaint yourself with our ship today as we spend the day cruising the Queen Charlotte Sound. The Queen Charlotte Sound lies between the Queen Charlotte Strait, which winds between Vancouver Island and the British Columbia mainland in the south, and Hecate Strait, which is northward, adjacent to the Haida Gwaii Islands off the Pacific coast of British Columbia. It is a broad reach in the long shipping route called the Inside Passage threading the myriad islands stretching from Washington's Puget Sound to Alaska.

### Sunday 14 August

Ketchikan, Alaska (B,L,D)

Ketchikan is a picturesque coastal town with a colorful frontier history, standing at the southern entrance to Alaska's famed Inside Passage. It began as a salmon cannery in 1885, built by company employee Mike Martin at the mouth of Ketchikan Creek. Once dubbed the 'Canned Salmon Capital of the World,' today government, commercial fishing, and tourism are its

main industries. The renowned Creek Street, perched on stilts along the mouth of the creek, would bring lasting infamy to the area for the red-light district that burgeoned there during the Gold Rush. The town's site first served as a camp for Tlingit people, and for thousands of years this has been their home. Their rich culture is being preserved to this day. A visit to Ketchikan is not complete without visiting one or all of Native American sites such as Totem Bight State Park, Potlatch Park, Saxman Native Village and the Totem Heritage Center. Together, these locations comprise the world's largest collection of standing Native American totem poles. Arrive 7.00am, Depart 3.00pm.

### Monday 15 August

Sitka, Alaska (B,L,D)

A stroll through the streets and National Historic Park of Sitka is a glimpse into its unique and colorful past. A blend of Tlingit and Russian cultures defines this first capital of Alaska. Although fish canning and gold mining were the initial catalysts for growth in Sitka, the construction of an air base during World War II truly paved the way for Sitka to come into its own. One of Sitka's most intriguing structures is the Cathedral of Saint Michael, built in 1848 to honor a Russian Orthodox bishop. Sitka's history begins thousands of years ago with the Tlingit people and

## DAY TO DAY ITINERARY

their use of the land for sustenance and spirituality. Old Sitka, located just north of the present-day settlement, was founded by Russian-American Company trader Alexander Baranov in 1799. Originally named Novo-Arkhangelsk (New Archangel) under Russian rule, its name was changed to Sitka after Alaska was purchased by the United States in 1867. Sitka is a Tlingit word meaning 'by the sea.' Arrive 8.00am, Depart 5.00pm.

### Tuesday 16 August

Cruising Yakutat Bay & Hubbard Glacier (B,L,D)

Yakutat Bay is 18 miles wide at its entry, and cuts from the Gulf of Alaska into Disenchantment Bay, the entryway to the huge Hubbard Glacier, North America's

largest tidewater glacier. As the bay narrows and the shorelines draw closer, the 400-foot face of the glacier exerts a luminous, ghostly presence, often from as much as 30 miles away. More and more floating ice dimples the surface of the water, and seals bob up and disappear again. The chilled air from the glacier flows in a downdraft of cold that gives rise to mists and gray clouds, through which the vivid blue of the ice wall shimmers. It is an impressive sight of nature's immense raw workplace, shaping the earth itself as part of an endless cycle of water from the sea evaporating to the sky, falling as snow on the heights and inching over centuries back again to the sea. Arrive 10.00am, Depart 5.00pm.

### Wednesday 17 August

Inian Islands & Icy Strait Point, Alaska (B,L,D)

As the gatekeepers to the northern entrance of the fabled Inside Passage, the remote Inian Islands stand between Cross Sound and Icy Strait, exposed to the high energy seas of the Pacific Ocean. Tidal currents surging through the narrow channels separating the islands can be severe. Nicknames like 'The Laundry Chute' justify their notorious reputations. Arrive 4.30am, Depart 10.30am.

Icy Strait Point is a unique community on Chichagof Island near the entry to Glacier Bay National Park. It was created and is owned by a corporation of over 1300 Native

Americans of various local Tlingit tribes, for the purpose of offering visitors an enjoyable, educational experience of Alaska's native cultures, as well as the human and natural history of the region. Arrive 2.00pm, Depart 9.00pm.

#### Thursday 18 August

Haines, Alaska (B,L,D)

Tucked in along the shores of the longest fjord in North America and surrounded by breathtaking scenery, Haines is an authentic Alaskan experience. It is an eclectic community and a truly hidden gem. Its rich culture shines brightly during the annual state fair that draws people from all over Alaska. Haines is home to the largest concentration of bald eagles on earth, and grizzly bears gorge themselves on spawning salmon in its rivers. It was originally named Dteshuh, which means 'end of the trail' in the language of the Chilkat natives, who used to portage across the peninsula to Chilkat Inlet as a shortcut to their trade route to the interior. The first Europeans arrived in 1879 to build a school and a Presbyterian mission. In time, the mission was renamed Haines in honor of Francina E. Haines, the chairwoman of the committee that raised funds for its construction. Haines grew dramatically during the 1899 Klondike gold rush in the Yukon, supplying prospectors with food and equipment. Arrive 6.00am, Depart 6.00pm.

#### Friday 19 August

Juneau, Alaska (B,L,D)

Juneau, Alaska's capital, is accessible only by air and sea, due to the rugged mountain terrain that surrounds the city. It has been a world-class travel destination since the early 1900's. The city has plenty to offer the outdoor adventurer. You may choose to explore on foot along the Perseverance Trail or around Mendenhall Glacier, or board one of the many local whale-watching boats or view the mountains and extensive glaciers of the Juneau Icefield from a helicopter. Although founded by Alaskan pioneers, this area was in use for thousands of years by the Tlingit people and was originally settled by the Auke tribe, taking advantage of the abundant food and natural resources provided by the land and sea. Their descendants continue to gather clams, gumboot chitons, grass and sea urchins to this day. Originally named Harrisburg in 1880, after the gold prospector Richard Harris, the name was later changed to

## DAY TO DAY ITINERARY

honor his partner Joe Juneau. Arrive 6.00am, Depart 9.00pm.

### Saturday 20 August

Scenic Cruising – Tracy Arm or Endicott Arm (B,L,D)

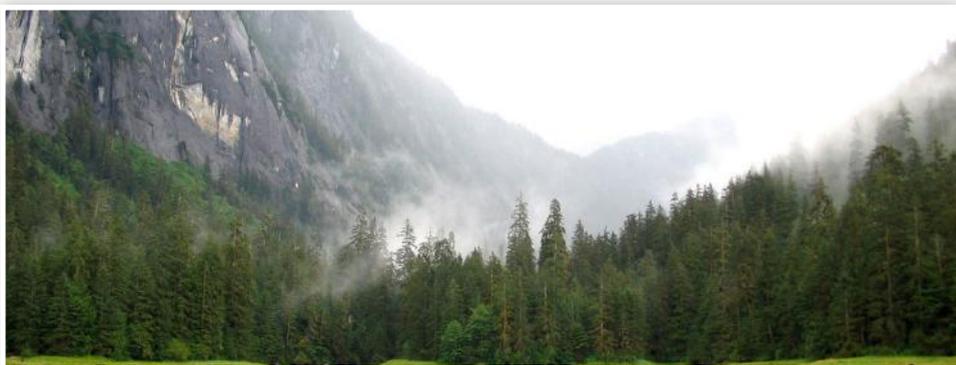

A short distance south from Alaska's capital of Juneau, where Holkham Bay cuts into the coastline under a dramatic backdrop of high snow-capped peaks and the verdant Tongass National Rain Forest, lies the entrance to Tracy Arm-Fords Terror Wilderness. From Holkam Bay, the waterway is bisected into Tracy Arm to the north and Endicott Arm to the south. Each arm terminates at a stunning blue river of ice: North and South Sawyer glaciers in Tracy Arm and Dawes glacier in Endicott Arm. It is hard to imagine that thousands of years ago these now-distant glaciers joined in Holkham Bay, more than thirty miles from their present

locations. Extremely active, the glaciers calve frequently, filling their fjords with icebergs, some three stories in height.

### Sunday 21 August

Wrangell, Alaska & Cruising Stikine Strait (B,L,D)

One of the thousands of islands of the Alexander Archipelago, Wrangell Island sits at the heart of the Tongass National Rain Forest and receives approximately 203 cm of rain per year. The city of Wrangell, a true Alaskan frontier town, sits at the northern end of the island, a short distance from the mouth of the mighty Stikine River. The history of Wrangell is deeply rooted in the Tlingit people, the fur trade and the gold rush. The Stikine River trade route brought the Tlingit people here thousands of years ago, evidenced by some forty petroglyphs at Petroglyph Beach State

Historic Site and Totem Park. Stikine Strait is a picturesque channel in the Alexander Archipelago of Alaska between Zarembo Island and Woronkofski and Etolin Islands near the mouth of the Stikine River south of Wrangell. It first appears on an 1848 Russian chart as Stakhin Strait and has been spelled variously on many charts since that time. Arrive 8.00am, Depart 6.00pm.

### Monday 22 August

Cruising Behm Canal & Misty Fjords and Rudyerd Bay (B,L,D)

The 108-mile Behm Canal runs from the Clarence Strait through the Alexander Archipelago of Southeast Alaska, and into the channel separating Revillagigedo Island from the mainland. It forms part Inside Passage on the route between Ketchikan and the Misty Fjords National Monument.

Scottish-American naturalist John Muir compared the 2,294,343-acre (930,000 hectare) Misty Fjords National Monument to his favorite place in America, Yosemite National Park. Often shrouded in mist, Misty Fjords is a true wilderness. Its vertical granite cliffs, which reach 3,000' (900 m) above sea level, descend another 1,000' (300 m) below the water's surface. Carved by glaciers and covered in a green carpet of mosses and lichens, Misty Fjords receives more than 150" (381 cm) of rain per year. Western hemlock, Sitka spruce, and western red cedar dominate the prolific vegetation

along its shore. Mountain goats, brown and black bears, coastal wolves, sea lions, bald eagles, ravens, Dall's porpoises, orca and humpback whales can be spotted along its shorelines and throughout its waters. Arrive 8.00am, Depart 6.00pm.

### Tuesday 23 August

Prince Rupert, British Columbia (B,L,D)

Prince Rupert, set amongst the coastal mountains, is the jumping-off point for travelers joining the coastal ferries to Haida Gwaii, Vancouver or north to Alaska. Highlights include the quaint Cow Bay with its shops and restaurants, the Museum of Northern British Columbia, the totem carving house or the stunning sunken gardens.

Prince Rupert certainly has abundant wildlife. The region is home to the highest concentration of grizzly bears in North America. The Khutzeymateen Grizzly Bear Sanctuary, established in 1994, was the first area in Canada to be protected specifically

## DAY TO DAY ITINERARY

for grizzlies and their habitat. Founded in 1910, the town was named for Prince Rupert, who was a governor of the Hudson's Bay Company in 1670. Prince Rupert is the northern terminus of the Canadian National Railway and an important port for goods moving towards Alaska. Arrive 8.00am, Depart 11.00pm.

### Wednesday 24 August

Scenic Cruising – Grenville, Whale & Princess Royal Channels (B,L,D)

Grenville Channel is a long, well-protected channel along the northern British Columbia coast between the large Pitt Island and the mainland. It is an important shipping lane, and you are likely to see ships of many different types and sizes as you pass through. The shores are mountainous on both sides, with two notable peaks about halfway through, Mt. Batchellor on the east side and Mt. Saunders on Pitt Island to the west.

Whale Channel is a picturesque waterway separating Gil Island from Princess Royal Island in British Columbia's Inside Passage. Surrounded by snow-capped mountain ranges and teeming with marine life, it is a diversion from the main shipping lane, located roughly halfway between Prince Rupert and the First Nations village of Klemtu.

The Princess Royal Channel separates the largest island along British Columbia's coast from the mainland. It is located roughly halfway between Bella Bella in the south and Prince Rupert in the north, in one of the province's most remote areas. The island is uninhabited, although there are two small villages in the channel, the First Nations community of Klemtu on Swindle Island and Hartley Bay on the mainland. Wildlife, by contrast, is plentiful, including Kermode, black and grizzly bears, deer, wolves and foxes. Golden and bald eagles nest in the region, as well as the endangered marbled murrelet. In the waters, there are abundant salmon, elephant seals, whales, orcas and dolphins.

### Thursday 25 August

Alert Bay, British Columbia (B,L,D)

Located on the now-dormant Alert Bay volcanic belt, Cormorant Island is host to Vancouver Island's oldest northern community, the small town of Alert Bay. It is located in the traditional territory of the Kwakwaka'wakw First Nation and today is a blend of both aboriginal and pioneer culture. A walk along the shores of this tiny 0.69-square mile (1.8 sq. km) island will amaze you with its history, spectacular views and abundant wildlife. Remnants of its former fish-salting plant from the 1800's remain along the harbor. The U'mista Cultural Centre is Canada's longest-running

First Nations museum and home to the famed Potlach Collection. This collection of ceremonial regalia was confiscated for preservation by Canadian authorities in 1922, and finally returned to the community during the 1980's. Seabirds, humpback, orca, and gray whales, sea lions and white-sided dolphins are all present in the surrounding waters. Alert Bay was named in 1860 for the Royal Navy ship HMS Alert which conducted survey operations in and around the region.

#### Friday 26 August

Disembark Vancouver – Home (B)

Sadly, today we disembark our ship. We have hotel rooms reserved until our flight home this evening.

\*\*\*Cross International Dateline\*\*\*

#### Sunday 28 August

Arrive Auckland

Arrival time is early morning.
